

HOSA-Future Health Professionals

China HOSA 2021

About HOSA

HOSA is an international student organization recognized by the U.S. Department of Education, the Health Science Education (HSE) Division of ACTE, and broad healthcare industry. Since its inception in 1976, HOSA has grown steadily reaching over 250,000 members with accumulated 2,500,000 alumni and 54 chartered associations around the world.

HOSA provides international competitive event program and student organization activities as means of cultivating and recognizing those students who are willing to pursue excellence by studying professional knowledges and skills and having the determination to become future health leaders by developing their leadership through diverse social activities.

At HOSA 2020 International Leadership Conference, China HOSA members participated in the competitive events program for the second time and won 14 top-ten awards among over 7,000 participants around the world. Meanwhile, China HOSA Student Organization was recognized in HOSA Cup Award.

Students 9-12 Grade

Appendix: Competitive Event Intro

Competitive Event	Description	Test
Nutrition	To encourage HOSA members to explore and learn about the relationship of nutrition and wellness and to assess knowledge common in the health community.	60 mins, 60 item multiple choice test, with 10 tie breaker (multiple choice)
Behavioral Health	To encourage HOSA members to explore and learn about the promotion of mental health, resilience and well-being; the prevention and treatment of mental and substance use disorders; and the support of those who are in recovery, their families and the health community.	
Pathophysiology	To encourage HOSA members to improve their ability to identify, spell, define and apply the prefixes, suffixes, roots, anatomy and physiology of human diseases impacting the health community.	
Epidemiology	To encourage HOSA members to study the effects of health and disease in populations, to improve their scientific literacy, and to provide insights into public health careers.	
Biomedical Lab Science	To provide HOSA members with an opportunity to develop and demonstrate knowledge and skills in medical laboratory and biotechnology careers.	
CPR/First Aid	To provide the HOSA member with an opportunity to develop and demonstrate knowledge and skills in team first aid and basic life support. Each team consists of 2 people.	
Prepared Speech	To encourage HOSA members to improve their skills in speaking and their ability to organize and present facts (or information) about a topic which is related to a specific theme. Preliminary Topic: Lead Your Future!	Submit Speech Video
Researched Persuasive Writing and Speaking	To encourage HOSA members to improve their skills in researching a health issue, preparing written documentation supporting a thesis, and presenting information orally 2020-2021 Topic: Technology Use: Does it Make Us More or Less Connected?	Submit Written Paper and Speech Script
Public Service Announcement	This event aims to inspire members to be proactive future health professionals by producing a PSA to promote a health service organization, bring awareness to a health situation, or educate the public at large in regard to health. In this event, teams consisting of three-six (3-6) members will produce a 30-second PSA based on annual topic. 2020-2021 Topic: The Future of Healthcare – How HOSA is Making A Difference!	Submit Video

Health Education	To encourage HOSA members to work as a team to plan and teach health-related concepts. This event involves a team of 2-4 members who select a health-related concept or instructional objective, then prepare a lesson, provide instruction, and evaluate results.	Submit Portfolio
Public Health	To encourage HOSA members to work as a team to plan and teach others in their community about public health initiatives. This event involves a team of 2-6 members who create an effective, dynamic and creative public health presentation and share the presentation in their community based on annual topic. 2020-2021 Topic: Reducing Health Disparities: Social Determinants of Health Can Help!	Submit Presentation Video
